

Disabled Golf Association CIC  
Wokingham  
Berkshire RG41 3TQ  
19th July 2016

Thank you for your support of the Disabled Golf Association

**On behalf of all at the Disabled Golf Association thanks to all at Stockwood Vale Golf club**

**All had a great day on Monday 18th July 2016**

**All aspects of the day– the golf, food, the service were superb and even the weather was good!**

**Thanks to staff and the members for their patience, we look forward to returning in the future**

It's amazing the power of the human mind to overcome adversity. Sport can be vital in therapy and rehabilitation of disabled people. Golf of course compared to other sports, played with a stationary ball, can stimulate neural pathways and I know from personal experience the difference my participation has made on my health having primary progressive MS.

The Disabled Golf Association was formed in January 2014 with the philosophy to get more disabled players playing golf for sociability, rehabilitation and therapy. We have events and taster sessions all over the country (see [www.disabledgolf.org.uk](http://www.disabledgolf.org.uk)) and have over 800 members throughout the country. We are a pan-disabled organisation with members having conditions such as MS, Parkinson's, stroke survivors, amputees (ex-serving and civvies), one arm, blind and congenital conditions such as Cerebral Palsy, Downs Syndrome, those facing mental health issues and with intellectual difficulties.

We are formally recognised in England by the Charities Aid Foundation as a Charitable CIC (community interest company) therefore any donations are tax deductible in UK law.

Thank you for your support. Our very best wishes

*Graeme Robertson*
